

REMARKS

Reconsideration of this application as amended is requested. Claims 1-19 are in this application. Claims 3 and 13 are amended. Claims 1-2, 10-12 are canceled.

The examiner withdrew claims 5 and 15 subject to a restriction requirement with traverse. The examiner has objected to the drawings as reference numeral "75" is not in the Specification. The Applicant amends drawings 1-3, 5 and 9 to substitute the reference numeral "74" for "75" in the drawings.

The examiner has rejected claims 1-2 as anticipated by *Stead et al.* under Section 102. Claims 1-2 are canceled and are no longer at issue.

The examiner has rejected claims 10-12 as anticipated by *Helgerson* under Section 102. Claims 10-12 are canceled and are no longer at issue.

The examiner has rejected claim 6 under Section 103 as unpatentable over *Stead et al.* in view of *Smith*. Because claim 6 depends entirely on allowable claim 3, which was allowed over *Stead et al.* in view of *Smith*, claim 6 is thus thought allowable.

The examiner objected to claims 3, 4, 7-9, 13-14 and 16-19 as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

The Applicant amends claims 3 and 13 to include the limitations of the base claim and intervening claims. Claims 3 and 13, as well as dependent claims 4, 7-9, 14 and 16-19 are now thought allowable.

The prior art made of record and not relied on is not considered pertinent to the application.

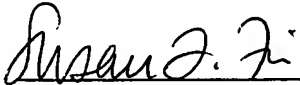

IN THE DRAWINGS

The drawings are amended to substitute reference numeral "74" for "75" in Figs. 1, 2, 3, 5 and 9. Replacement Sheets 1-3 and 7 are attached to this Amendment and Remarks.

On the basis of the above amendments and remarks, reconsideration and allowance of the application is believed to be warranted.

Respectfully submitted,
